

4. EAPD SCIENTIFIC AWARD for research on ‘Oral Health and Nutrition’.

(For five consecutive EAPD congresses, 2008-2016)

Description: EAPD has decided, following a proposal from the Dutch Society of Paediatric Dentistry to organize this competition for the best research oral presentation or poster on subjects related to oral health and diet in children submitted from EAPD members, under the age of 35 on the date of the EAPD Congress.

Prize: 1000 € and a Certificate

Sponsored by: The Dutch Society of Paediatric Dentistry

Procedure: EAPD members wishing to participate in the competition must submit their abstracts during the submission period of EAPD Congress indicating that they are candidates for the particular Award. The Scientific Committee will review and evaluate all abstracts submitted for this competition. Only a certain number of these abstracts will be selected for entry into the Competition at the Congress. The presenting authors of these selected abstracts will then be informed by the Scientific Committee, as being candidates for the award, and must present their research papers at the EAPD Scientific Award at the Congress. The winner will be decided by at least two members of the old elephant committee (Past Board members) present at the Congress. In their absence this task will be undertaken by the Scientific Committee of the Congress. The Treasurer of the Dutch organizing committee of the 8th EAPD Congress in Amsterdam, Dr Gert Stel will deliver the money to the winner.

Abstracts that are not selected for entry into the Competition may still be accepted for presentation at the Congress – the presenting authors will be informed of acceptance or rejection by the Scientific Committee.
